

Jesse's Wish Foundation

Fall 2020 Newsletter

www.jesseswishfoundation.org

Dear Family and Friends,

We were recently reminded of our roots as a non-profit when we received yet another testament to Jesse's loving and caring heart. As most of you know, Jesse originally formed *Jesse's Wish* to help his friends in treatment. We received a message from one of his closest elementary school friends, Matty, who was unable to attend our 30th celebration. After meeting for lunch and posting a picture together, many others shared their own memories with Jesse. What a joy to be reminded of why we do what we do in carrying on his wish. We know he'd be extremely proud! Thank you all for keeping Jesse's legacy alive.

We mailed a second gift to six-year-old Elijah who continues to battle Neuroblastoma for more than half his life. He asked for a Nintendo Switch and was elated to receive it.

Ja'Myah was recently diagnosed with ALL Leukemia at seven-years-old. She is being treated at Children's Hospital of Savannah. *Jesse's Wish* gifted her a box filled with toys.

We sent gifts for various age groups to the Charleston Ronald McDonald House and to the Medical University South Carolina (MUSC) Shawn Jenkins Children's Hospital's new playroom. We will be helping at least one family per month through MUSC. The Child Life Manager at Memorial Health Children's Hospital of Savannah greeted us with extreme gratitude for our donations.

Have a wonderful Thanksgiving!
Remember there is always something to be grateful for.
