

# Jesse's Wish Foundation

Winter 2023 Newsletter

---

Dear Friends and Family,

It was a wonderful holiday season, and we anticipate a great 2023 because of your generosity and faithfulness in keeping Jesse's legacy alive. Your Giving Tuesday donations really impacted our ability to give. We are so thankful!

We supported The Penguin Plunge in New York run by our dear friend and supporter Susan Solar. We would also like to thank Perry Grisafi of Partners Painting LLC in Boca Raton Florida for his faithful giving.

Samantha and her coworkers at W!se donated a year-end gift which provided backpacks filled with Legos and other toys for Memorial Sloan Kettering Hospital and Ronald McDonald House New York.

We sent games to Tommy's Place in Massachusetts to help support their amazing vacation home for kids that are fighting cancer. We "adopted" Ailanie, her siblings, and her parents through Tomorrow's Children's Fund's Family Holiday Angel Program. We maintained our usual hospital and Ronald McDonald House deliveries and continued support to other foundations.

Our individual requests for support increased from across the U.S. Here is what that looked like this past quarter.

With grateful hearts,

Marian Newell  
Executive Director

Samantha Spina  
President

Dallas, our first recipient of 2023, is fighting ALL in Florida. We paid the families' electric bill.

Katie Histing, 21, relapsed from Ewing's Sarcoma. We were honored to send her on a weekend adventure.

We adopted a family through CURE Atlanta, 14-year-old Krystal.

Jazzy, our 4-year-old New Yorker fighting a third relapse from Neuroblastoma. Her mom expressed her sadness for other kids staring at her being bald. We wanted to send her a bald barbie to help normalize her situation.
